THIS BATTLE FIELD IS IMPRESSIVE ...

A BATTLE ARENA IS AN AREA OF SPACE WHERE TRAINERS CAN BATTLE WITHOUT DAMAGING ANY NEARBY OBSTACLES. (LIKE IN TOWNS OR CITIES)
A TRAINER CAN CHOOSE TO MAKE A BATTLE ARENA WHEN CHALLENGING ANOTHER TRAINER TO BATTLE.
LET ME READ MORE ABOUT IT ...
RULES CAN BE MADE SUCH AS NO ITEMS, NO DUPLICATES, TO SPECTATE, AND SO ON. AFTERWARDS THE SYSTEM REGISTERS THE RULES AND CREATES A FIELD
ONCE TRAINERS ARE IN THE FIELD THEY CANNOT ESCAPE UNLESS THEY FORFEIT THE BATTLE.
THE TRAINER'S STATUS BECOMES «BUSY» AND CANNOT COMMUNICATE TO PEOPLE OUTSIDE THE FIELD
THE FIELD HOLDS IN ALL MOVES, NOISE, AND REGISTERS ALL OFFICIAL BATTLES.

If spectate is turned off, then trainers won't be able to see or hear a thing inside.
Only trainers inside the field can talk to each other.
Yet, spectate allows spectators to listen to the battle.
But there is another battle layout called. «Free Battle»

They can choose to begin a «Free Battle»
When trainers want to get straight to the point...
No rules, no boundaries... just a free battle
The battle is set on the strength of your Pokemon team, and the last one standing wins...
Tch, dammit!
?!

TO THINK I WAS GOING TO SEND YOU A DATING INVITATION AFTER THIS BATTLE !
YOU WON'T BE LUCKY AFTER THIS! GO, NIDORINO!

. . .

BE SURE TO PAY ATTENTION.
ALRIGHT, HERE'S A REPLAY.
ALSO, IF YOU WERE WATCHING TUNE-
SHE'S BEEN HOLDING DOWN THE MOVE' CHARGE PER TURN.
PIKACHU WAS ALREADY FAR FROM NIDORINO IN THE FIRST PLACE.
USING DOUBLE TEAM, PIKACHU CAN SNEAK AWAY FROM THE SCENE
DOUBLE TEAM IS A MOVE THAT RAISES EVA (EVASION)
AS IT STACKS, THE NEXT SPECIAL ATTACK MOVE BECOMES MORE POWERFUL
THE OPPONENT CAN'T SEE CHARGE SINCE ITS A INNER SUFF THAT STRENGTHENS OVER TIME

NOW FULLY STACKED, SHE SELECTS THE LAST BLOW.
SO I'LL FINISH THIS.
